Statement of commitment to child safety

Gembrook Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQA+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

- The Child Safety Code of Conduct as found on Gembrook Primary School's website - <https://www.gembrookps.vic.edu.au/wp/index.php/policies/>

also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a culturally safe environment

At Gembrook Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Begin events and meetings with a Welcome to Country or an Acknowledgement of Country as a standing agenda item. Use this as an opportunity to pause and reflect or open a discussion.
- Fly the Aboriginal and Torres Strait Islander flags on school grounds.
- Display plaques and signs to Acknowledge Country and Traditional Owners.
- Make Aboriginal voice part of decision making in matters that affect Aboriginal students. Be open to different ways of doing and expressing things.
- Celebrate the local Aboriginal community in communications with students, staff, volunteers and families. Share information through school newsletters, school assemblies, parent information nights.
- Lead on safety and inclusion for all Aboriginal students and their families. Learn more about Aboriginal histories and cultures, both locally and across Australia. Speak with respect and confidence about Aboriginal culture, knowledge systems and people.
- Build schoolwide knowledge of Aboriginal histories, cultures, perspectives, values, skills and attitudes.
- Provide a welcoming environment for Aboriginal children
- Express zero tolerance of racism in your statement of commitment to child safety included in your Child Safety and Wellbeing Policy and other documents.
- Address racism from students, staff, volunteers or visitors directly. Make sure racist speech or actions are always dealt with, and the culture of the school works to prevent incidents from occurring.
- Put school leaders at the front of anti-racist action. Discuss racism and work to address unconscious bias and racism in the school community.
- Encourage non-Aboriginal school leaders and teachers to commit to ways they can work as an effective ally to Aboriginal students, their families and communities.
- Ensure all school staff have engaged in Cultural Understanding and Safety Training (CUST) to build school capability and confidence with Koorie cultural inclusion.
- Partner with Koorie Engagement Support Officers in support of identified Aboriginal and Torres Strait Islander students at Gembrook Primary School, including the facilitation of termly Yarning Circles.

- Supporting students to learn more about the Country through the curriculum and reinforce the significance of understanding through visible acknowledgement of the Country on plaques and signage within the school.
- Flying the Aboriginal and Torres Strait Islander flags and have an Acknowledgement of Country at school assemblies and other major school events.

Student empowerment

To support child safety and wellbeing at Gembrook Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through our Student Wellbeing and Engagement Policy, implementing our whole school approach to Respectful Relationships, our student Code of Conduct, our school values, Respect and High Expectations.

We inform students of their rights through our Student Agency, Voice and Leadership Policy, our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at the school office or the Gembrook Primary School Website -

<https://www.gembrookps.vic.edu.au/wp/index.php/policies/>.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Gembrook Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- Advertising information sessions through the school website and the availability of surveys on the parent portal, newsletters, school council, subcommittees of school council, student, staff, and parent meetings etc.
- All of our child safety policies and procedures will be available for students and parents on our website
- Newsletters will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- PROTECT Child Safety posters will be displayed across the school.

Diversity and equity

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students
- children and young people who identify as LGBTIQ+.

Our Student Wellbeing and Engagement Policy found on Gembrook Primary School's website - <https://www.gembrookps.vic.edu.au/wp/index.php/policies/> provides more information about the measures we have in place to support diversity and equity. This includes, but is not limited to:

- Communicating that discrimination and bullying are not tolerated – if incidents of bullying or discrimination occur, Gembrook Primary School addresses the incident in line with school policy.
- Letting students know they can raise concerns or report incidents that occurred at school and outside the school.
- Checking in with vulnerable students and their families to confirm their needs are being met. This can occur at pick-up or drop-off, at parent teacher interviews or through informal discussions.
- Engaging genuinely with students. Find out what matters to them, what they know and don't know about safety, and what they need to be safe and feel safe.
- Validating students' feelings. Students may feel that they have not been listened to or believed in the past.
- Offering lunchtime clubs and support for students who want an alternate to playing outside in the yard at recess or lunch.
- Discussing how students feel about discussing their personal circumstances and respecting their wishes. Note that where staff or volunteers have formed a reasonable belief that sharing information is necessary to lessen or prevent a serious threat to an individual's life, health, safety or welfare, they may be required to share information despite the wishes of the student that their information remain confidential.
- Taking a holistic approach when responding to family violence.
- Responding to family violence in a way that is accessible, culturally responsive, safe, child-centred, inclusive and non-discriminatory.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:
